INFORMATION PACKET

INTRODUCTION

The Florida Health Care Coalition (FLHCC) is actively engaged in transforming health care throughout the State of Florida and the nation. Our members include Florida-based public and private sector employers, national and global employers, national health plans, benefits management companies, benefit consulting organizations, trade associations, nationally recognized health systems, physician groups and innovators.

As the second largest purchaser of health care after the federal government, employers represent millions of consumers who expect the best quality care at the best price. FLHCC, as the collective voice of more than 2 million Floridians, has the unique ability to leverage its strategic partners to identify and implement meaningful changes in Florida's health care delivery system.

Are you an employer involved in the provision of health care (i.e. doctors, hospitals, health plans, pharmaceutical companies, medical device manufacturers) in the State of Florida? If so, we invite you join FLHCC as an Affiliate Partner.

FLHCC's Affiliate Partners have access to FLHCC staff and employer members, participate in special programs/projects, receive free entrance to many FLHCC educational events and reduced registration fees to the Annual National Conference. Affiliate partners are also able to participate on organizational committees and task forces. In addition, Affiliate Partners are identified on the FLHCC website and other marketing communications materials. Affiliate partners also gain access to FLHCC membership lists, and have the first option to participate as a sponsor at FLHCC events.

I hope you will consider becoming a FLHCC Affiliate Partner. I am happy to discuss further details with you at any time. The annual dues rate is \$2,500 a year. Thank you for your interest.

Sincerely,

Karen van Caulil

AFFILIATE PARTNERSHIP BENEFITS

For more than 30 years, FLHCC has helped employers in Florida improve the quality of health care services and moderate health care cost increases. FLHCC serves to amplify the voice of employers in health care issues and leverages the strength of its members to effect change in the health care marketplace.

BENEFITS FOR EMPLOYERS

BE INFORMED. Learn about industry best practices, trends and innovations at our conferences, events and networking sessions at no additional cost. Stay up-to-date on the latest health policy developments in Florida and Washington, D.C. through our forums, newsletters and alerts. Call on our experienced staff for help in understanding and navigating the health care marketplace.

REDUCE ADMINISTRATIVE COSTS. Obtain actionable intelligence about health plans, care, policy developments and industry trends without having to pay consulting fees or purchase additional products.

IMPROVE QUALITY AND REDUCE THE COST OF EMPLOYEE HEALTH CARE. Use information from The Leapfrog Group and our other data analysis initiatives during rate negotiations and benefits selection, and make the most of your company's health care dollar. Work with dozens of other large, Florida-based employers to influence plans and providers and drive value in the region's health care delivery system.

BE HEARD. Attend our forums and meetings with other employers, providers and policymakers, and have a voice in the local and national dialogue on health care.

MISSION

The Florida Health Care Coalition's mission has always been to make our community a world-class leader in health care quality. As a leading global destination where millions come to live, work, play and retire, Florida should offer nothing but the very best for its citizens and visitors.

ABOUT US

FLHCC represents dozens of large Florida-based public and private sector purchasers representing over 2 million Floridians. For more than 30 years, FLHCC has worked with the community to promote health care quality through collaboration and education.
